

# Clustering and Principal Component Analysis (PCA)

Clustering the Subject based on Physiological, Activity and Psychometric Data.

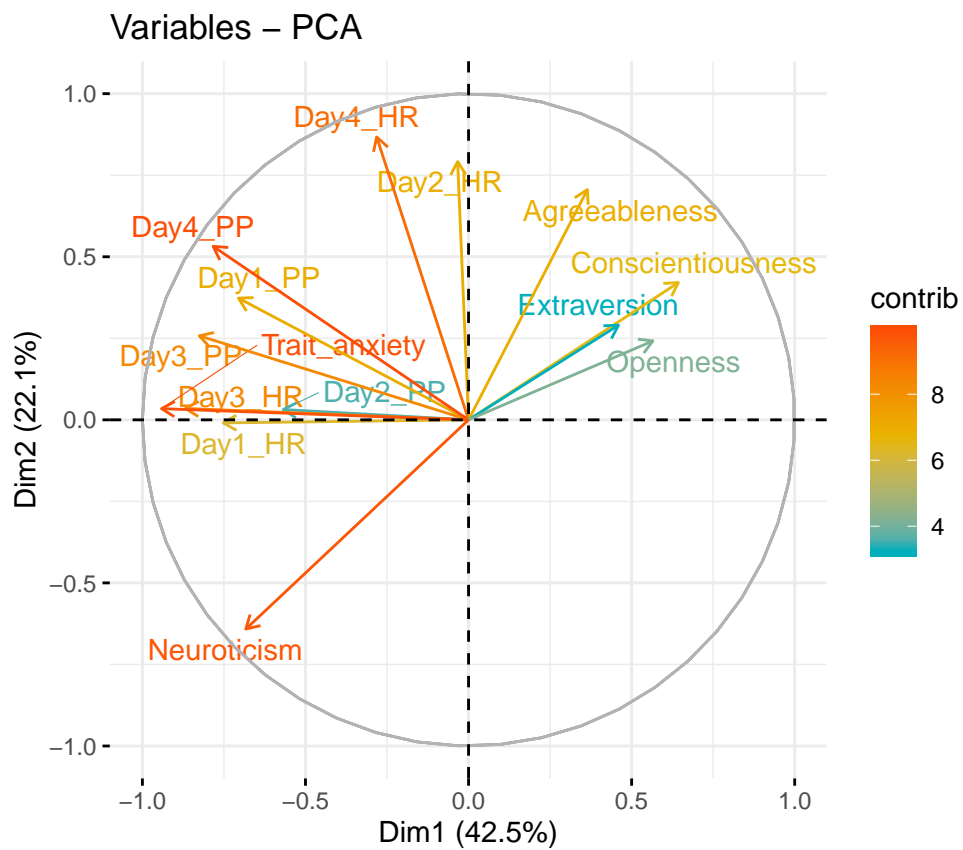

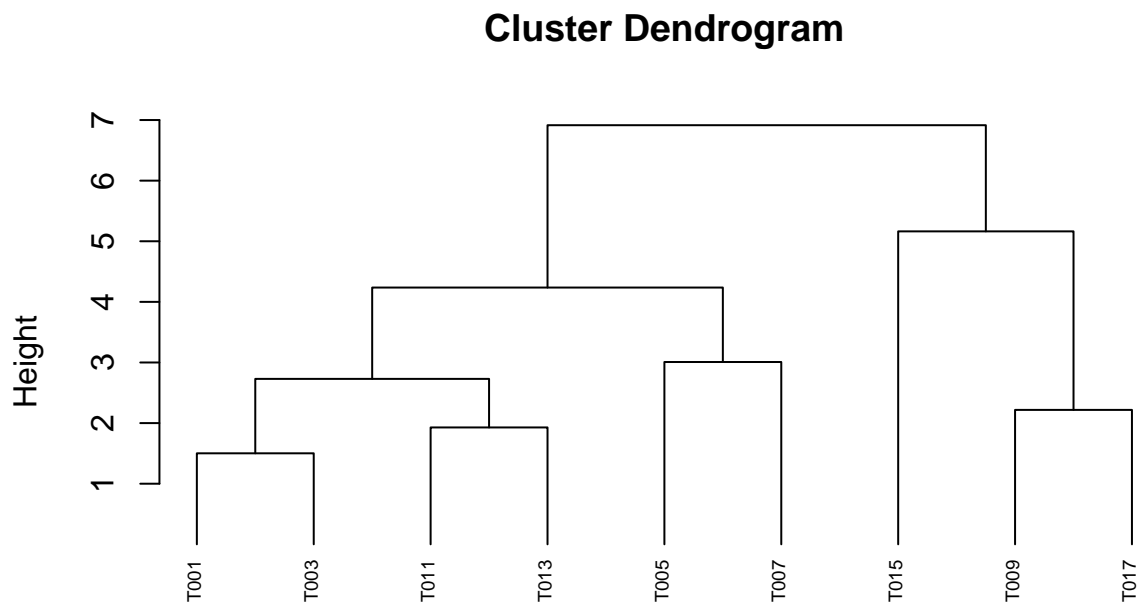

Clustering PP-HR-Trait Anxiety

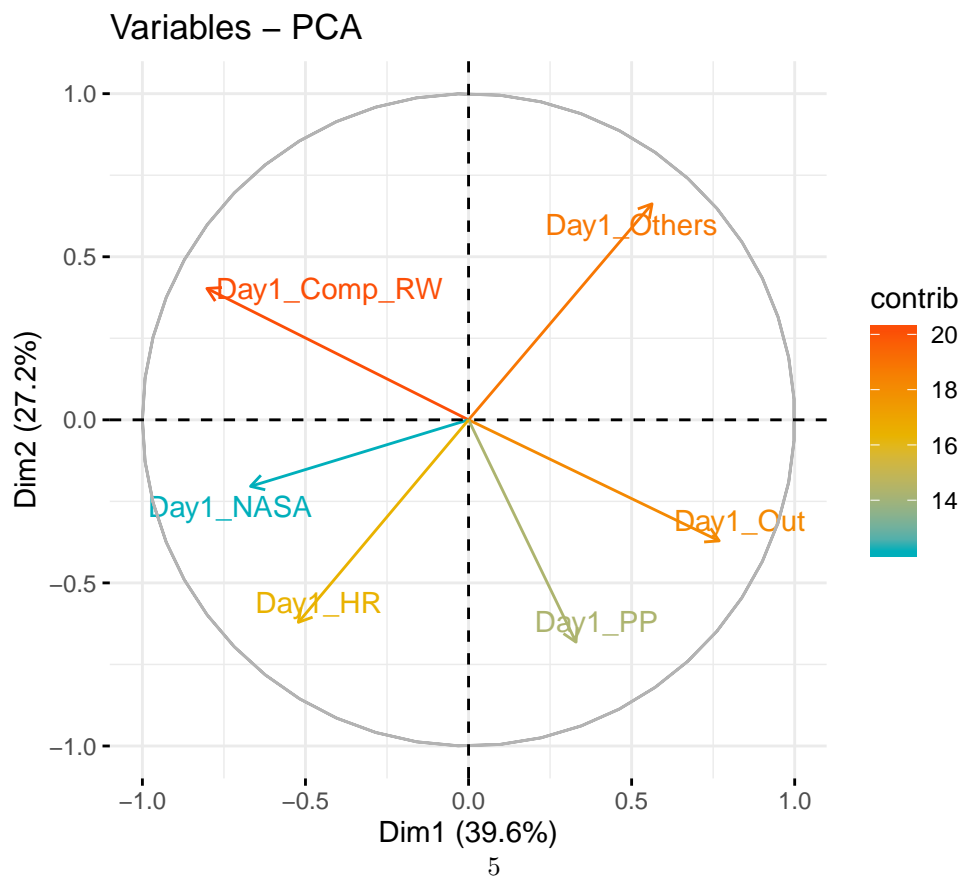

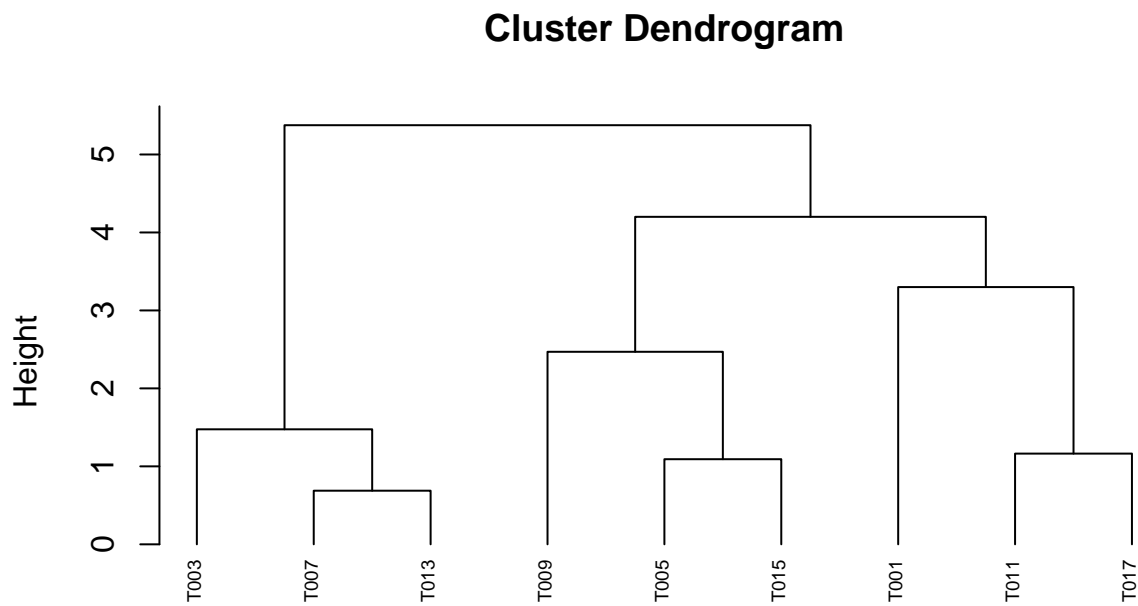

Clustering with PP HR and BFI

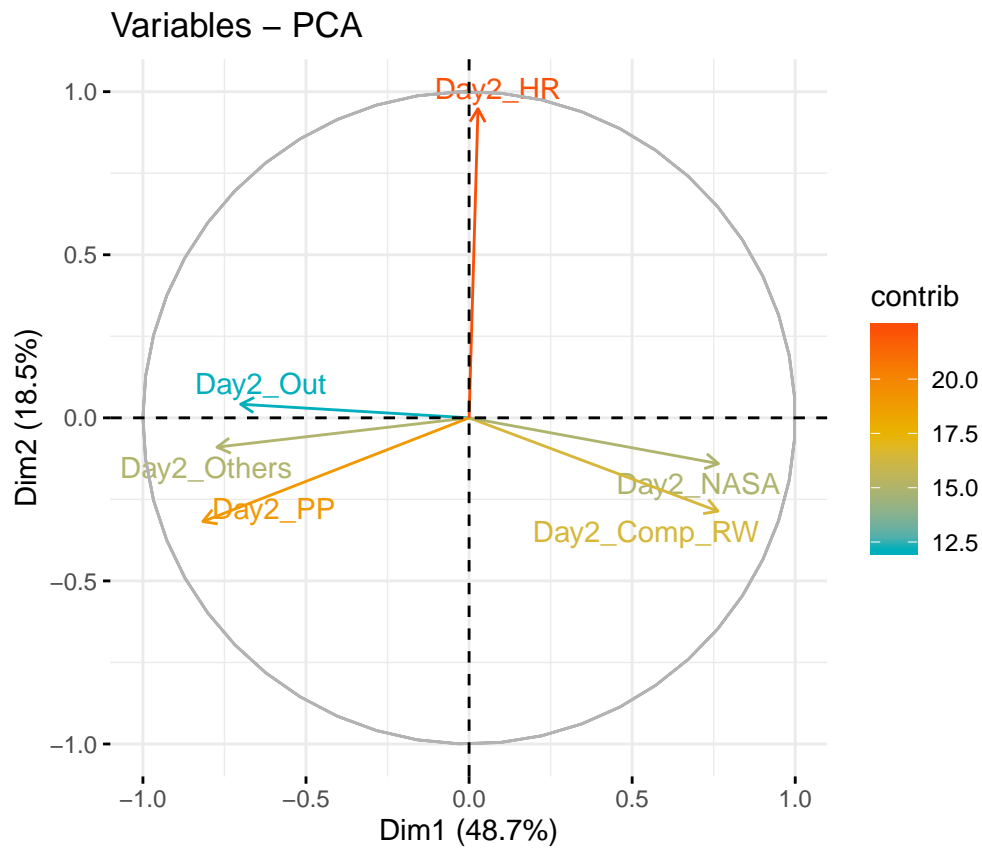

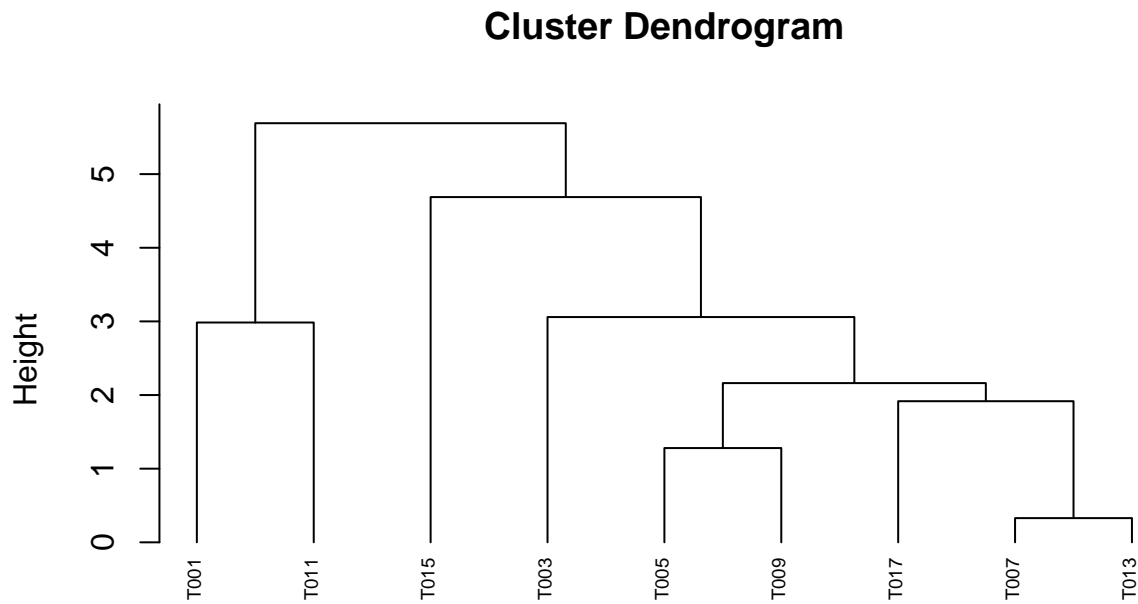

Clustering with PP HR Trait Anxiety and BFI

Final Clustering Day1 on PP HR Activity Data and NASA

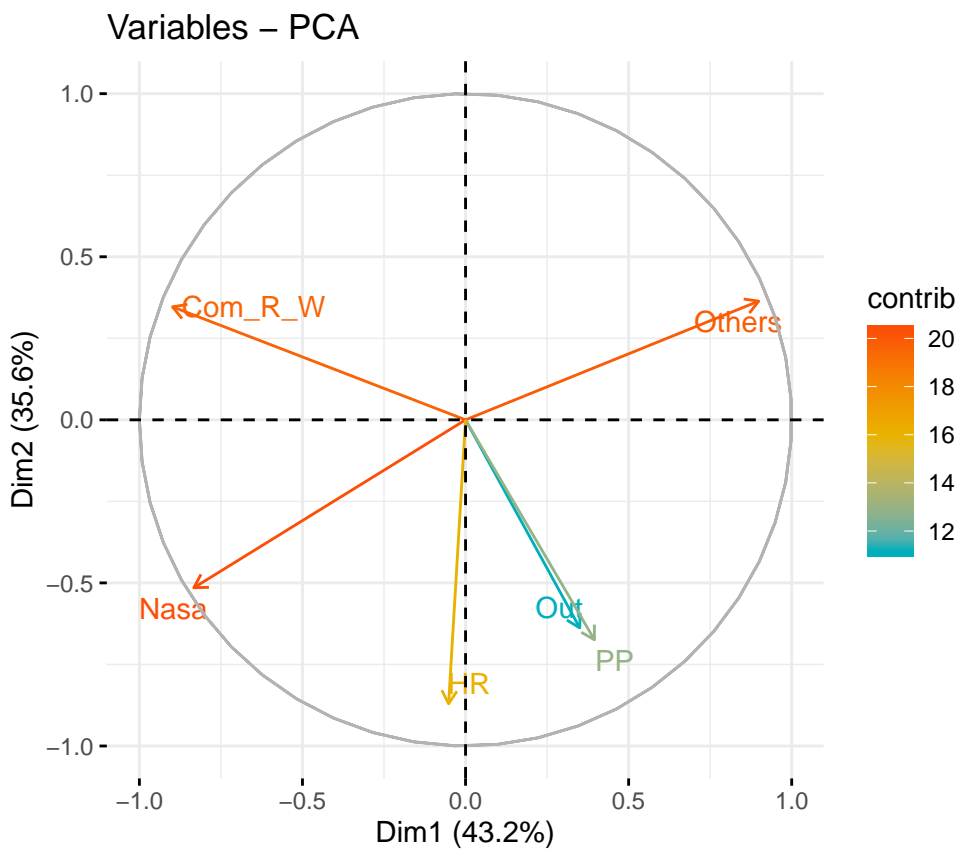

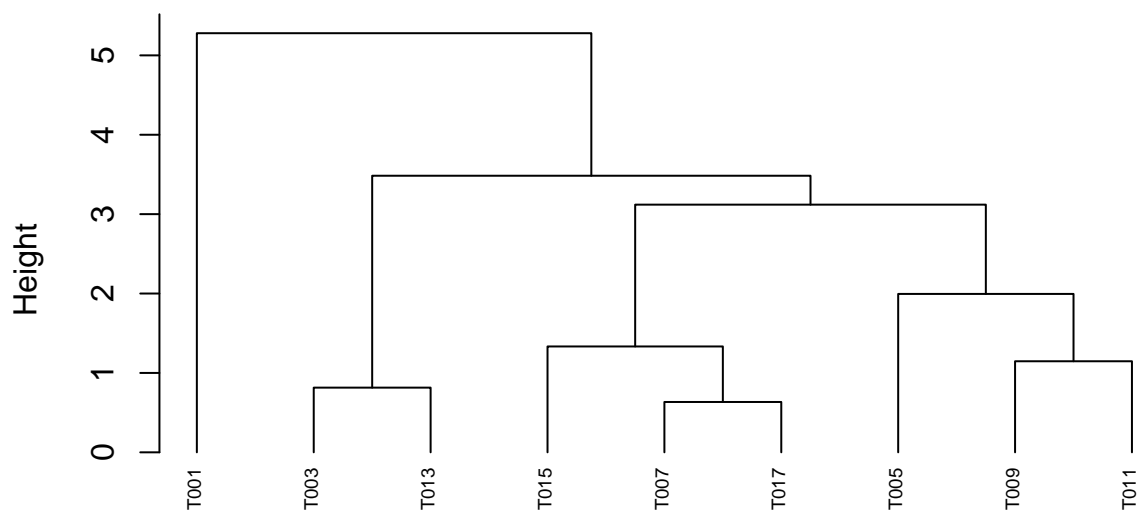

Clustering Day2 on PP HR Activity Data and NASA

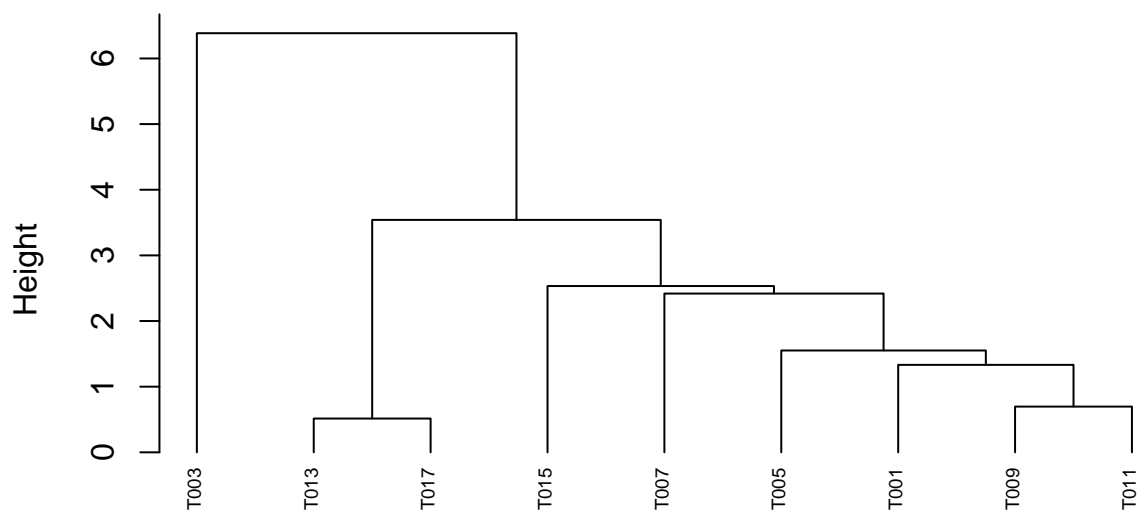

Final Clustering Day3 on PP HR Activity Data and NASA

Cluster Dendrogram

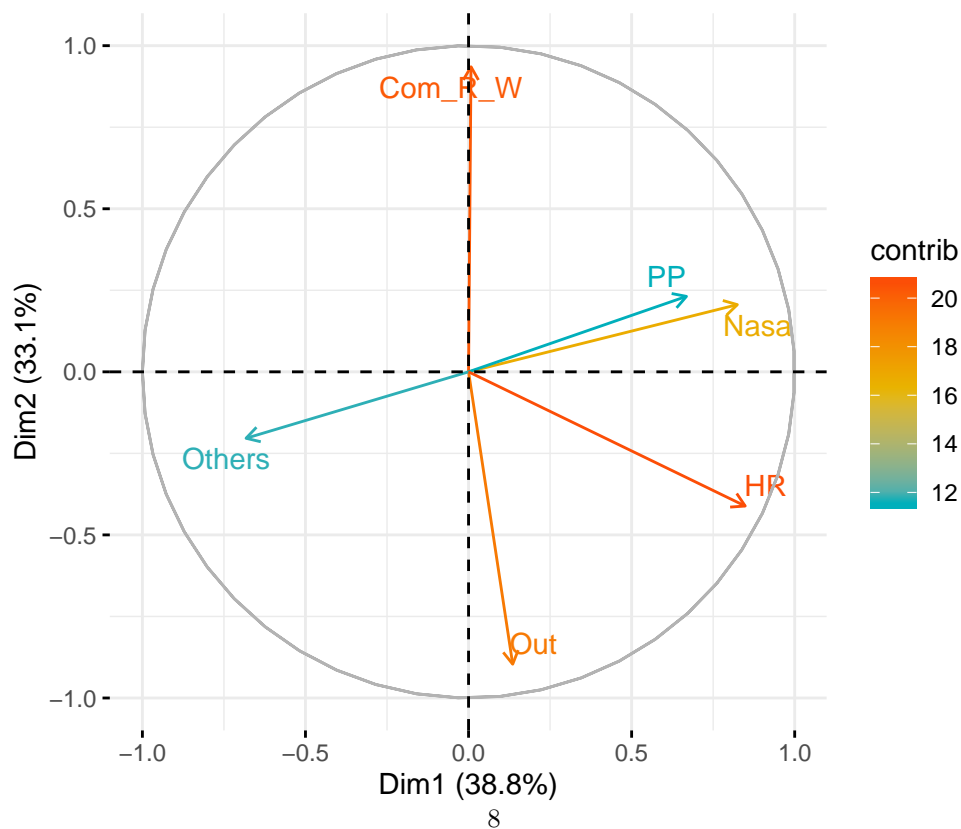

Final Clustering Day4 on PP HR Activity Data and NASA

Cluster Dendrogram

Variables – PCA

Clustering Days(Day3+Day4) on PP HR Activity Data and NASA
